---

The Richmond Civic and Commerce Association's mission is to promote business in and enhance the well being of the Richmond Community.

---

Greetings to all our members!

It is October and the work has not stopped. I'm referring to all the construction work that continues following our summer storms. For many the hail and wind damage was a big inconvenience as we witnessed our cars and trucks being dented, windshields broke, home windows broken, roofs damaged and siding and machine sheds that look like they were at a Minnesota Twins batting practice. What the summer storms have provided is the much needed work to local construction workers in hopes of surviving the recession. Many believe the work will continue into next spring and summer! It is good to see that some of the thousands and thousands of dollars being spent on repairs are staying local with our area businesses.

Our monthly meeting will be held on Tuesday October 12<sup>th</sup> at 12 Noon at Richmond Bowling Lanes. If you choose to attend, Dino's Southside Café will be providing lunch at a cost of \$8 with serving beginning at 11:45. Hope to see you there!

Your President

Randy Rothstein
